

Tangalooma Wrecks Snorkel

The Tangalooma Wrecks on Moreton Island are renowned for its crystal-clear waters and abundant marine life. Featuring 15 sunken ships that have created an artificial reef just off the beach. Ideal for snorkelers, the Wrecks offer a unique opportunity to encounter a variety of fish, turtles, and maybe even a dolphin.

BEST TIME TO SNORKEL

We caught the ferry across for the day and got to the wrecks ourselves which meant entry straight off the beach. Depending on the tide/currents you might want to enter the water at one of the wrecks or the other so you can swim with the movement of the water. If you are a guest of the island there are guided snorkels to the wrecks where a boat will drop you out there.
