

Rangers Reef Snorkel

Rangers snorkel site is located within Ningaloo Reef Marine Park's World Heritage-listed Ningaloo Lagoon. Explore its coral bommies, diverse marine life including turtles and reef sharks, and keep an eye out for stingrays and deeper-water encounters with leopard sharks.

LOCATION

Ningaloo Reef,
Exmouth, Western
Australia

DEPTH

3-8 Meters

TEMP

24-30°

FEATURE

DIFFICULTY

Medium

Access to rangers is via private/ hire boat or equipped sea kayak. There are no moorings at this site, so a sand anchor is required.

GETTING THERE

Exmouth is a remote town 1200 km north or Perth in Western Australia. Tantabiddi Boat Ramp is a 30 minute drive from Exmouth.

If launching a boat, the nearest boat ramp is Tantabiddi Boat Ramp. If launching a kayak from shore, National Park Pay Station beach access is the closest beach. Rangers is approximately 1.5km due East of the beach.

LOOK FOR

- Turtles
- Sharks
- Stingrays
- ClownFish
- Octopus
- Leopard Sharks
- Wedgefish

BEST TIME TO SNORKEL

Snorkelling Rangers is great all year round, but be mindful of tides, currents and winds.

Best conditions would be a forecast of less than 10 knots, after a period of sustained low winds. Swell should be less than 1.3m, with larger swells stirring up the sites visibility especially at high tide. Large tidal movement can result in current so small tidal movement or the change of tides would be preferred.
